MADE IN THE HEART OF ITALY

A STONE WANTS TO BE PART OF YOUR WORLD...

It was in Umbria, in the green heart of Italy, that PIETRE D'ARREDO and CROMIE were born. Here, history, the culture of stone and with it the tradition of building, are the very core of the identity of the craftsmen of the past, who skillfully sculpting and moulding the stone, created our medieval towns of such enchanting and eternal beauty. Preserving this expertise and the passion for stone, we have invested in research and technology to offer a unique and prestigious product, recreating with our own hands the masonry that has given life to these spectacular surroundings and that will do the same for yours.

UNA PIETRA VUOLE ESSERE PARTE DEL TUO MONDO...

È in Umbria, nel cuore verde d'Italia, che nascono le linee PIETRE D'ARREDO e CROMIE. Qui la storia, la cultura della pietra e con essa la tradizione del costruire, sono alla base dell'identità artigiana dei nostri avi, che con la loro manualità scolpendo e plasmando la pietra, hanno creato borghi medioevali di incantevole ed eterna bellezza. Conservando questo saper fare e la passione per la pietra, abbiamo investito in ricerca e tecnologia, offrendo a tutti coloro che la amano, un prodotto unico e di pregio, ricostruendo con le nostre mani la materia che ha dato vita a questo ambiente e a quella che darà vita al tuo.

EIN STEIN WILL TEIL DEINER WELT SEIN...

In Umbrien, im grünen Herzen Italiens, entstehen PIETRE D'ARREDO und CROMIE. Hier bilden die Geschichte, die Kultur des Steins und damit die Bautradition, die Grundlage des Handwerks unserer Vorfahren, die mit ihrer Handfertigkeit den Stein behauten und formten und so mittelalterliche Ortschaften von bezaubernder, ewiger Schönheit schufen. Wir haben dieses Wissen und Können und die Liebe zum Stein bewahrt und in Forschung und Technologie investiert, um allen Liebhabern des Steins ein einzigartiges, wertvolles Produkt zu bieten. Wir bilden mit unseren Händen die Materie nach, die diese Umgebung ins Leben gerufen hat, um Ihr Ambiente zu gestalten.

UNE PIERRE VEUT ÊTRE PARTIE DE TON MONDE...

C'est en Ombrie, dans le cœur vert de l'Italie, que PIETRE D'ARREDO et CROMIE ont été créées. Ici l'histoire, la culture de la pierre et avec elle la tradition de la construction sont à la base de l'identité artisanale de nos ancêtres, qui grâce à leur habileté manuelle, en sculptant et en modelant la pierre, ont construit des bourgs médiévaux au charme ravissant et éternel. En conservant ce savoir-faire et la passion pour la pierre, nous avons investi dans la recherche et la technologie, pour offrir à tous ceux qui l'aiment, un produit unique et de qualité, en reconstruisant de nos propres mains la matière qui a créé ce milieu et celle qui créera le vôtre.

WARRANTY - GARANZIA GARANTIE - GARANTIE

WHY CHOOSE PIETRE D'ARREDO?

A variety of designs, available in different colours, for customized creations in harmony with the surrounding environment. It protects the building enclosure from the elements and fortifies thermal insulation systems, thus improving living comfort. It facilitates application because of its light weight. The innovative manufacturing technique allows for minimum waste and the accurate definition of surfaces makes it a perfect substitute for natural stone, limiting extraction from the quarry, thus respecting and protecting the environment.

PERCHÈ SCEGLIERE PIETRE D'ARREDO?

Varietà di modelli, proposti in diverse cromie, per la personalizzazione di realizzazioni in armonia con l'ambiente circostante. Protegge il sistema involucro edilizio dagli agenti atmosferici, integra i sistemi di isolamento termico migliorando il comfort abitativo.
Per la sua leggerezza facilita le operazioni di posa.
L'innovativa tecnica di produzione consente di ridurre al minimo gli sfridi e la fedeltà della definizione delle superfici la rende un perfetto sostituto della pietra naturale, limitandone il prelievo in cava, a rispetto e tutela dell'ambiente.

WARUM SOLLTEN SIE SICH FÜR DEN KUNSTSTEIN PIETRE D'ARREDO ENTSCHEIDEN?

Es sind verschiedene Modelle in unterschiedlichen Farbtönen erhältlich, mit denen Sie Ihr Projekt ganz auf die Umgebung abstimmen können.
Das Material schützt die Gebäudehülle vor Witterungseinflüssen und verbessert die Wärmedämmung und somit den Wohnkomfort.
Es ist besonders einfach zu verlegen.
Das innovative Herstellungsverfahren reduziert Abfall auf ein Minimum.
Durch die natürliche Optik der Oberflächen ist das Produkt ein perfekter Ersatz für Naturstein. So muss weniger Stein in Steinbrüchen abgebaut werden und die Umwelt wird geschützt.

POURQUOI CHOISIR LA LIGNE PIETRE D'ARREDO?

Variétés de modèles, proposés en différentes tonalités, pour la personnalisation de réalisations en harmonie avec le milieu d'entourage.
Elle protège le système d'enveloppe du bâtiment contre les agents atmosphériques, intègre les systèmes d'isolation thermique en améliorant le confort résidentiel.
Grâce à sa légèreté, les opérations de pose sont très simples.
La technique de production innovante permet de réduire au minimum les rebuts et grâce à la fidélité de la définition des surfaces, cette ligne représente un substitut parfait de la pierre naturelle, en limitant son extraction en carrière, pour le respect et la protection de l'environnement.

CERTIFICATES - CERTIFICATI ZERTIFIKATE - CERTIFICATS

PIETRE D'ARREDO AND THE ENVIRONMENT

"Transforming the construction market by promoting the design, construction and management of buildings that are sustainable in terms of the environment, society, economy and health".
Through the brand Pietre d'Arredo, COLMEF supports the mission of Green Building Council Italia, demonstrating continued commitment to developing products and systems for environmental protection.

PIETRE D'ARREDO E L'AMBIENTE

"Trasformare il mercato dell'edilizia promuovendo progettazione, costruzione e gestione di edifici che siano sostenibili dal punto di vista ambientale, sociale, economico e della salute".
Colmef attraverso il brand Pietre d'Arredo sostiene la missione di Green Building Council Italia, a dimostrazione del continuo impegno a sviluppare sistemi e prodotti che contribuiscono al rispetto dell'ambiente.

DER KUNSTSTEIN PIETRE D'ARREDO UND DIE UMWELT

"Eine Umgestaltung des Baumarktes durch die Förderung von Planung, Konstruktion und Verwaltung von nachhaltigen Gebäuden aus umwelttechnischer, sozialer, wirtschaftlicher und gesundheitlicher Sicht".
Durch die Marke Pietre d'Arredo unterstützt Colmef die Mission des Green Building Council Italia und stellt damit sein kontinuierliches Engagement für die Entwicklung von Systemen und Produkten im Zeichen des Umweltschutzes unter Beweis.

PIETRE D'ARREDO ET L'ENVIRONNEMENT

"Transformer le marché du bâtiment à travers la promotion de la conception, la construction et la gestion d'édifices durables du point de vue écologique, social, économique et de la santé".
À travers la marque Pietre d'Arredo, Colmef soutient la mission de Green Building Council Italia, prouvant ainsi son engagement continu dans le développement de systèmes et de produits qui contribuent au respect de l'environnement.

High security system for the installation of reconstructed stone and bricks for external thermal insulation of buildings.

Sistema garantito per la posa di rivestimenti in pietra e mattoni ricostruiti su isolamenti termici esterni di edifici.

Hochwertiges System für die Verlegung von Wandbelägen aus Kunststein und Kunstziegeln auf Thermoisolierungen bei Gebäudefronten.

Système offrant une garantie élevée pour la pose de revêtements en pierres et briques reconstituées sur isolations thermiques extérieures de bâtiments.

AIR SYSTEM

AIRSYSTEM

Innovative system for the installation of reconstructed stone and brick facings on surfaces subject to capillary moisture rising.

Sistema tecnologico innovativo per la posa di rivestimenti in pietra e mattoni ricostruiti su superfici soggette alla risalita di umidità per capillarità.

Innovatives System für die Verlegung von Wandbelägen aus Kunststein und Kunstziegeln auf Oberflächen, die feinverteilter Feuchtigkeit unterliegen.

Système innovant pour la pose de revêtements en pierres et briques reconstituées sur surfaces sujettes à la remontée d'humidité par capillarité.
